ED-BKT-LB

Wall-mounted bracket for Multiple ED-IPC Products

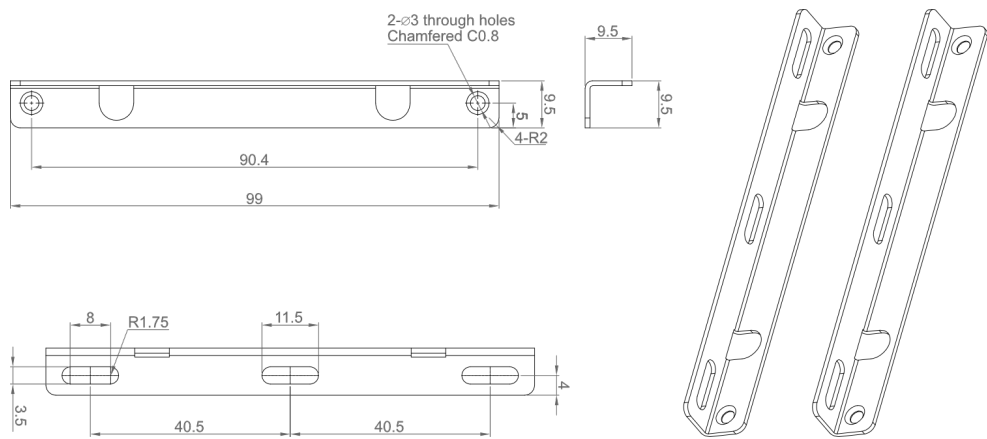

Specifications

Mechanical Characteristics	
Material	Galvanized steel sheet + Powder coating process
Color	Gray
Weight	About 25g
Installation	Wall-mounted
Compatible Models	ED-IPC2100, ED-IPC2200, ED-IPC2600, ED-IPC3100, ED-IPC3200, ED-IPC3630

Dimensions

- Unit: mm
- Tolerance: 0.5-6±0.05, 6-30±0.1, 30-120±0.15

Ordering Code

Model	Description
ED-BKT-LB	Wall-mounted bracket for Multiple ED-IPC Products

Packing List

- 1 x ED-BKT-LB (with 4 M2.5*6 screws)

Installation

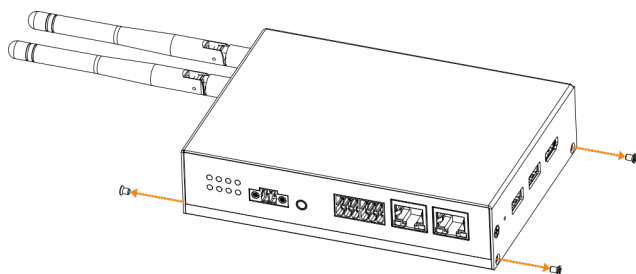

ED-BKT-LB is compatible with ED-IPC2100, ED-IPC2200, ED-IPC2600, ED-IPC3100, ED-IPC3200, and ED-IPC3630. The installation methods for these models are identical. In the following steps, ED-IPC2100 will be taken as an example for demonstration.

Parts List

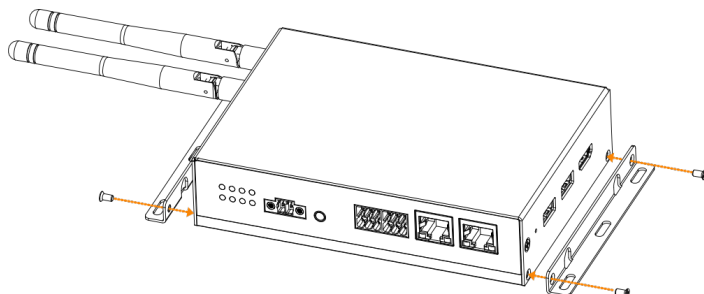

NO.	Name	Quantity (PCS)
①	ED-BKT-LB (includes left and right brackets)	1
②	M2.5*6 screw	4
③	ED-IPC2100 (Not provided)	1

Steps

1. Use a Phillips screwdriver to unscrew the four M2.5 screws on the side of the ED-IPC2100 counterclockwise.

2. Align the left and right brackets of the ED-BKT-LB with the screw holes on both sides of the ED-IPC2100, insert the four M2.5*6 screws, and tighten them clockwise with a Phillips screwdriver to secure the ED-BKT-LB to the sides of the ED-IPC2100.

TIP

The "four M2.5*6 screws" in this step refer to the screws included as standard with the ED-BKT-LB.

3. Based on the spacing and diameter of the wall-mounting screw holes of the ED-BKT-LB left and right brackets (refer to the diagram below), drill holes in the wall accordingly, then proceed with wall-mounted installation of the device.

- Unit: mm
- Tolerance: 0.5-6 $\pm$ 0.05, 6-30 $\pm$ 0.1, 30-120 $\pm$ 0.15
